

D&R Star Monthly Mash-Up

January 2017

Welcome back everybody. This is our 2nd at a monthly news letter. Hopefully we can find enough interesting information to keep it useful and enjoyable for our darting community each month.

I encourage you, the players, to submit information you think will be of interest to other player in our system. I am looking for things like photos of your teams, fun pics of league nights, tournament information as well as tournament pictures and results when you run them.

Upcoming...

Hovey Open 301 Throwback Dart Tournament

February 4th marks the return of Hovey Open Dart tournament, much the same format as it was back in the 90's. This is a 301 Bring Your Partner tournament, double elimination with a race to 4 format. There will be 2 skill levels.

For those of you who have never played in a 301 league or tournament, the shorter game does a lot to level the playing field between top notch players and those of lesser skill. I highly encourage everybody to give this tournament a go and experience electronic darts the way it was when the game was new.

We are hoping to make this an annual event again so tell your friends and start thinking about finding a partner for what we feel will be a great tournament and a great time.

Date Night is Dart Night

Cricket Mixed Doubles leagues.

The 301 Date Night leagues are completed and every-one seems to have had a great time. For those interested, both playing and wanting to play, we will be offering a 6 game Cricket League now that the 301 leagues are completed. Anyone interested just let us know by phone, text or e-mail. Maybe introduce someone new to the game. There will be a Mixed Doubles tournament in February for those who participate in these leagues. There will be 2 divisions if the numbers support it. The location of this tournament has yet to be determined. We are looking at the possibility of doing it on a Friday night, remotely.
